This project is co-funded by the Europe for Citizens Programme of the European Union, in the framework of European Remembrance 2019 Call with the aims of:

- Contributing to citizens' understanding of the EU, its history and diversity.
- Raising awareness of remembrance, common history and values and the aim of the EU.

70th anniversary of the Schuman Declaration (9 May 1950)

“Europe will not be made all at once, or according to a single plan. It will be built through concrete achievements which first create a de facto solidarity [...]. The pooling of coal and steel production should immediately provide for the setting up of common foundations for economic development as a first step in the federation of Europe.”

THE PROJECT

Objectives:

- To raise a renewed awareness of the deep roots of the European project at a time it is challenged by raising nationalism.
- To foster the debate on a common vision of the EU's shape and mission in the years to come to complete the long-term project that was already envisaged in the Schuman declaration.

La paix mondiale ne saurait être sauvegardée sans
s créateurs à la mesure des dangers qui la menacent.

La contribution qu'une Europe organisée et vivante
porter à la civilisation est indispensable au maintien
relations pacifiques. En se faisant depuis plus de 20 ans
champion d'une Europe unie, la France a toujours eu pour
essentiel de servir la paix. L'Europe n'a pas été faite
avons eu la guerre.

L'Europe ne se fera pas d'un coup, ni dans une
action d'ensemble : elle se fera par des réalisations
es créent d'abord une solidarité de fait. Le rassemblement
nations européennes exige avant tout que l'opposition séculaire
France et de l'Allemagne soit éliminée : l'action en
doit toucher au premier chef la France et l'Allemagne.

Dans ce but, le Gouvernement Français propose de
porter immédiatement l'action sur un point limité

Le Gouvernement Français propose de

sous une Haute Autorité commune, dans une organisation
à la participation des autres pays d'Europe.
